DATE

Dear Bryant Service Club:

received a box of sweets which incident  
ly were extremely popular with the  
Secretaries in our office.

It just doesn't seem possible that Christmas is almost here. In fact, just a short time ago I was a civilian but look at me now.

Supposing that your records are up to date, would appreciate it if you would send me Al Weisner's address?

Things are pretty much the same here and have been for seventeen months. The news sounds quite good lately, that we will soon be able to return to our homes with the shadow of war cleared for awhile at least.

Must close and hope to hear from you again in regards to what some of my former classmates are doing in that line. Thanking you once more for the Christmas box, and hoping that next year it won't be necessary to send one.

Sincerely, J. H.
